FRANK B. LEWIS
FRANK D. PAGE
JOHN N. BURNS
} Selectmen of Whitefield.

To the Citizens of Whitefield.

We respectfully submit for your consideration the annual report of the town for the fiscal year ending Feb. 15th, 1906

Highways. The condition of our roads remains about as reported one year ago and while our road agents have done good and faithful work with the means and material at their command yet the process of permanent improvement must of necessity be slow and it will require a number of years to cover the fifty or more miles of roads in the town.

We are pleased to report that, that piece of road leading from the milk factory to the foot of Page Hill has been regraded and macademized for a distance of about thirteen hundred feet. This work was done by one of our road agents under the direction of the State Engineer at a cost of $1,322.61.

Sidewalks. But little work has been done the past year on our sidewalks and many of them are in a very unsafe condition and the sum of one thousand dollars is needed to put them in proper condition.

Sewers. As will be seen by our report the cost of maintaining this department has slightly exceeded the approporation, but the cost of maintaining our present sewers if no new work is contemplated should not be very large the coming year.

Finances. We are pleased to report that the financial condition of the town is in a good condition, but we are of the opinion that it would be wise to raise a small amount annually towards reducing the debt.

To the itemized report we invite your attention.

Respectfully submitted,

F. B. Lewis
